Over è un sistema a profondità contenuta che, grazie al suo design minimale, si inserisce facilmente in qualsiasi ambiente. I moduli, disponibili sia a terra che sospesi, sono pensati per semplificare i lavori di ristrutturazione, coprendo eventuali fori o danni alle piastrelle senza necessità di un nuovo rivestimento.

Over has a reduced-depth minimalist design that fits easily into any space. The units are available as floor-standing or wall-hung models and have been designed to make renovation work easy, by covering any holes or damage to tiles without the need for new cladding.

Over est un système peu profond qui s'intègre facilement dans tout espace ambiant grâce à son design minimaliste. Les modules, disponibles aussi bien au sol que suspendus, sont conçus pour simplifier les travaux de rénovation en couvrant les éventuels trous ou dommages des carreaux sans qu'il soit nécessaire de poser un nouveau revêtement.

Il sistema di elementi Over consente un restyling del bagno con un intervento semplice senza opere strutturali. Inoltre i moduli a terra supportano l'installazione di nuovi sanitari grazie a strutture integrate che permettono di evitare interventi sull'impianto idraulico preesistente o di modificare i punti di scarico.

The Over range allows you to give your bathroom a full makeover, without needing to do any structural work. In addition, the floor-standing fixtures also allow new sanitary ware to be installed, thanks to integrated structures that can attach to the existing plumbing system and don't require changes to the drainage points.

Le système d'éléments Over permet de réaménager la salle de bains par une simple intervention sans travaux structurels. De plus, les modules au sol permettent l'installation de nouveaux sanitaires grâce à des structures intégrées, qui permettent d'éviter des interventions sur l'installation hydraulique existante ou la modification des points d'évacuation.
